

Cones In Gate Instructions

Overview:

The Cones In Gate Controls When Competitors Enter the Ring

1. Greet the Competitor in a friendly manner and relay any "Instructions from the Judge" that you have been given including whether and where to salute.
2. On the Judges radio command or when the previous competitor has reached the point on the course designated by the Judge, tell the next Competitor he may enter.
3. As the Competitor enters the ring:
 - Radio: "Competitor (number) entering."
4. Check that your next Competitor is "on deck". If not, radio Cones Warm Up to send the competitor down.
 - If Competitor is not in Warm Up, radio the Judge
5. Go back to Step 1.

Note: Watch your back at all times! If an entry in or out of the ring runs away, they may go anywhere in their attempt to run back to the stables.
